

Camp Liberty Patrol Box Inventory

At Camp Liberty, "Patrol Cooking" is the standard across our camp. Patrols work together to cook all of their own meals in their campsite using food picked up from the camp commissary. Although it may seem to be a lot of work, most units report having more down time to relax and work on other things not being confined by the schedule of a dining hall. Units who attend Camp Liberty never want to go anywhere else!

In order to prepare and cook the food provided by the commissary, Camp Liberty provides units with the equipment to do so. Below is an inventory of what the camp provides for use throughout your stay in camp!
